Schneider Electric

Iconic® Collection

The Iconic collection from Clipsal by Schneider Electric is complemented by two different looks with the sophisticated Styl and fresh Essence ranges of skins.

Upgrade to ‘Skinability’

Iconic® is based around a unique grid design, with a choice of three different ranges of skins that simply clip on. Once the grids have been installed by an electrician, it’s easy for anyone to change the skins at any time. You simply clip off the existing skin and clip on the new design.

Iconic

The standard Iconic range of skins offers flexibility with standard white skins, and subtle colour variants that blend with interior décors. They are available with translucent edges that infuse with wall colours, and a solid edge vivid white and black option.

Iconic Styl skins

Iconic Styl is an irresistibly beautiful design made from durable anodised aluminium for a quality look in every home. Iconic Styl adds elegance, colour and modern simplicity with three metallic finishes to offer flexibility to a broad range of décor styles.

Iconic Essence skins

With smooth round wooden edges, Iconic Essence has an unmistakably luxurious look and feel. Setting a new benchmark for quality and style in residential products, the natural finish of Essence will enhance your living space.

Future-proof ‘skinability’

Being able to change skins makes it easy for your customers to upgrade to a fresh new look in the future as new skin colours and designs become available.

Iconic Styl design features

Anodised aluminium

Real aluminium material with high quality anodised finishes Sandblasted surface for a modern 'satin' appearance

Unique oval shape

Extruded aluminium provides this curved shape that reflects the light in interesting ways

Green ON indicator

Subtle green ON indicator

Electrically safe

Although metal is used on these electrical products, the plastic surfaces provide insulation

Pictogram rockers

Optional pictogram rockers designed specifically for this range can be used. Simply pop-out the existing rockers (supplied with the skin) and replace them with the new pictogram rockers

Network options

Iconic Styl supports the full range of network connectivity and AV connectors as part of the Iconic range.

Iconic Essence design features

Durable

White ABS plastic surface.
Colourfast and UV stabilised

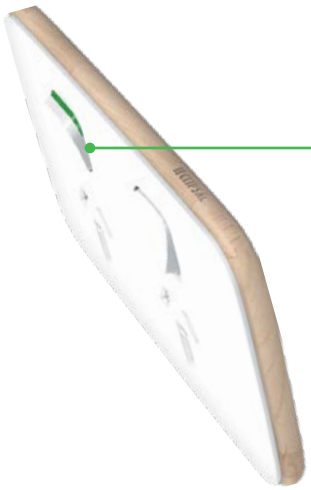

Real timber

Pale **'birch' real timber** coated with **matt lacquer** for protection

Strength

'Tongue-and-groove' joins in the timber at each corner, help **prevent splitting** and provide a consistent timber grain direction

Iconic Styl

Iconic Essence

Iconic is a modern electrical accessories range based on a slim, sleek, clean design that is easy to customise and blends in with your décor.

Loaded with clever features

Game changing modular mechanisms and grids with changeable skins and rockers for unrivalled customisation now and in the future.

With Smart Electronics and ControlLink, lights can be switched or dimmed from multiple locations.

Locking bar allows simple mechanism reorientation and sturdy locking for a quick and easy install, limiting the chance of mechanism pushbacks.

Iconic's translucent edges allow the skins to pick-up background colours for a design that blends in with any wall colour.

Iconic's solid edge skins in Xtra White and Xtra Black are available in selected switches and sockets for a sleek, clean look.

Customisable and future-ready

Interchangeable standard, Styl and Essence skins provide great customisable options to suit specific décor and lifestyle.

Innovative screw covers help limit screw access after installation, allowing skins to be changed easily at any time.

Iconic switches are quick and easy to personalise with pictogram rockers that even your customers can change.

Clever Functionality with a range of smart, connected products and innovative technology, the platform is designed for future applications.

Clever functionality

Night Walk sensor light

Modular design

Double Powerpoint with Dual USB-C Fast Charger

Iconic® features changeable skins, innovative features and enhanced connectivity.

In this platform, we've thought of everything including sockets, switches, dimmers, timers, USB chargers, new safety features, Wiser smart home connectivity and more. We've also designed Iconic with features that greatly simplify installation and developed new products for smarter homes.

40 mechanisms
Iconic switches and electronic accessories feature the 40 mechanisms designed for flexibility in up to 6-gang grids. The grids make changing from vertical to horizontal orientation simple, and locking bars reduce the chance of mechanism pushbacks.

Great innovations
Iconic includes various USB Charger options. A Night Walk skin, which replaces the standard double socket skin, features an integrated motion sensor that switches on when it detects movement. LEDs illuminate the way when someone gets up at night, without disturbing others.

Clever efficiency
Iconic electronic accessories deliver clever efficiency to the home. Wiser™ smart home connectivity and the Wiser by SE app give your customers more control of their home, while simplifying their lives and saving energy at the same time.

Enhanced connectivity
Iconic includes a comprehensive range of options for network connectivity requirements. With mechanisms for RJ45 networking, HDMI sockets and audio cable entry plates, you have what you need for complete home networking.

Sockets with a difference

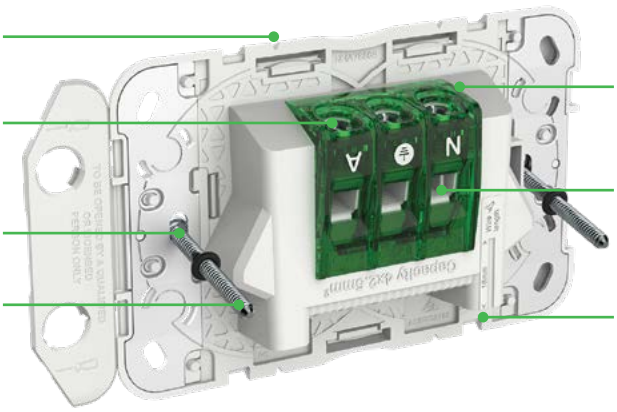

Iconic® features innovations like pre-mounted screws, screw covers and in-line terminals.

Hole centre indicators for using a 57mm hole-saw for installations

Captive terminal screws to prevent them from coming out

84mm mounting centres fit standard mounting accessories

Pre-mounted screws for faster fit off covers

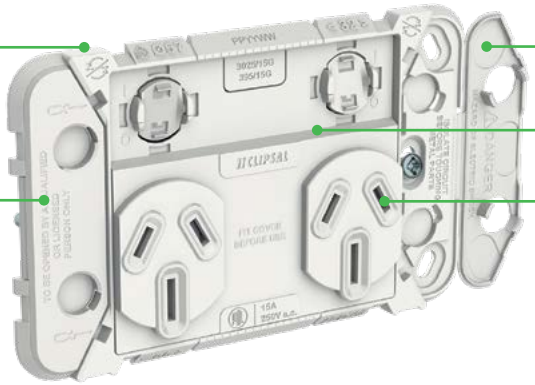

In-line terminals for easy screw access and faster termination

Large terminals accommodating up to 4 x 2.5mm cables

Strip length indicator

Tapping pad for spirit level

Safety messages on the screw covers

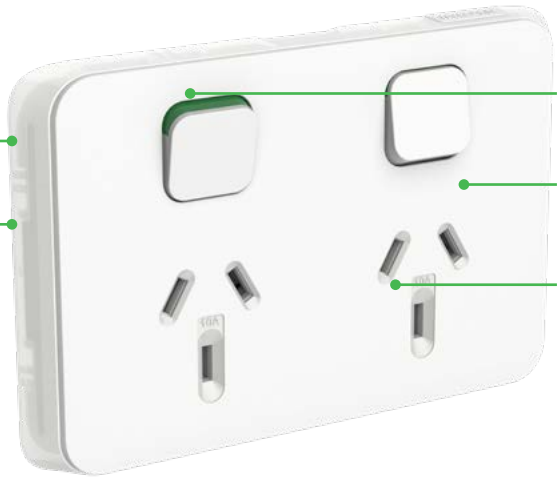

Screw covers help prevent direct access to the screws after installation

Socket grids are safe when installed

All sockets come with internal shutters providing additional protection

Standard translucent edges allow the skin to infuse with the wall colour

Slim 9mm profile blends in with the décor

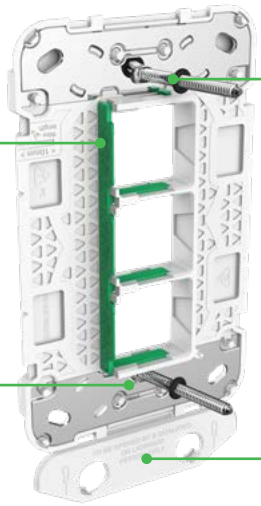

Green indicator so you know when it is switched on

Matte finish for a premium look and feel

Clear markings for easy amperage identification

Clever switch innovation

Iconic® grids feature screw covers, drill guides and 40 series mechanisms for easy installs and customisation.

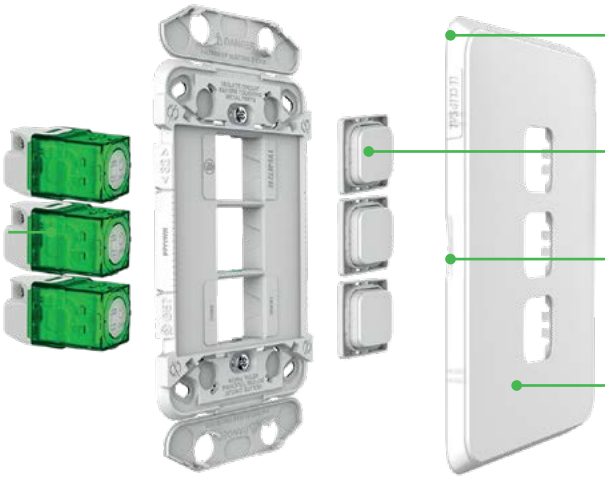

Locking bar helps to reduce the chance of mechanism pushbacks, and makes it easier to change or upgrade mechanisms

Metal plate for additional robustness

Pre-mounted screws for faster fit-off, O rings prevent screws dislodging during transportation

Screw covers help prevent direct access to the screws after installation

All electrical accessories are now available in the Iconic 40M format

Slim 7mm profile blends in with the décor

Optional pictogram rockers to personalise switches

Translucent edges allow the skin to infuse with the wall colour

A matte finish for premium look and feel

Screwdriver notch to aid removal from locking bar

Optional warm white LEDs can be easily wired and set as locator or indicator

Hybrid screws are suitable for square drive, Phillips and flathead screwdrivers

40 Series Push Button Switches

Push button switch

Push button - intermediate

Push button - momentary

Push button caps

40 Series push button switches are designed for easy operation

40 Series push button switches fit iconic switch grids. Secured in place with the Mechanism locking bar, they can be easily changed to suit vertical or horizontal orientation. The range includes latching, intermediate and momentary push-button Switches with optional LED for switch identification.

Push button - latching

The 40 series push button range combines style and simplicity, with optional warm LED illumination for easy switch location. Designed to complement push button dimmers and Wiser™ smart switches, it delivers a seamless and consistent appearance throughout the home.

Push button - intermediate

Designed for added convenience, the intermediate push button switch lets you operate the same light from up to three locations around the home.

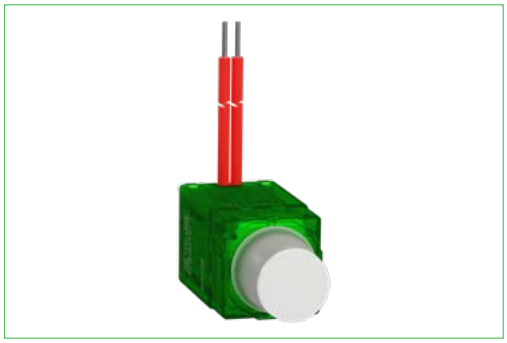

Push button - momentary

The momentary push button switch acts as a bell press switch and is also ideal for smart home applications. It works with compatible smart devices to provide simple and reliable control.

Push button caps

A range of push button caps are available to suit all colour options in Iconic (including Styl & Essence) as well as Caps marked with FAN, HEAT or LIGHT using Pictograms.

40 Series electronic modules

Rotary dimmers

Push button dimmers

USB mechanism with built-in current management

PIR motion sensor mechanism

40 Series electronic accessories are designed for clever functionality.

Electronic accessories fit Iconic switch grids. Secured in place with the mechanism locking bar, they can be easily changed to suit vertical or horizontal orientation. The range includes rotary and push-button dimmers, timers, PIR sensors and USB chargers.

Rotary and push-button dimmers

The 40 series dimmer range has been optimised for premium LED dimming performance. Available in Rotary and integrally switched Rotary Push and push button, along with a 1-10V DC option. The integrally switched dimmers provide multiway parallel dimming and configurable min/max brightness.

Push button timer

The Push button 10A Timer offers simple configuration options and ControlLink for multiway control.

USB chargers

USB chargers, now including a Dual USB C option, include patented current management technology, which reduces the output current to help prevent overheating and minimising charge times.

PIR motion sensor

The 40 Series PIR motion sensor mechanism is simple to install and configure with front light level and timer adjustment. It is ideal for hands free lighting control in entry ways, hallways or stairs.

Iconic Wiser™ Smart home solutions

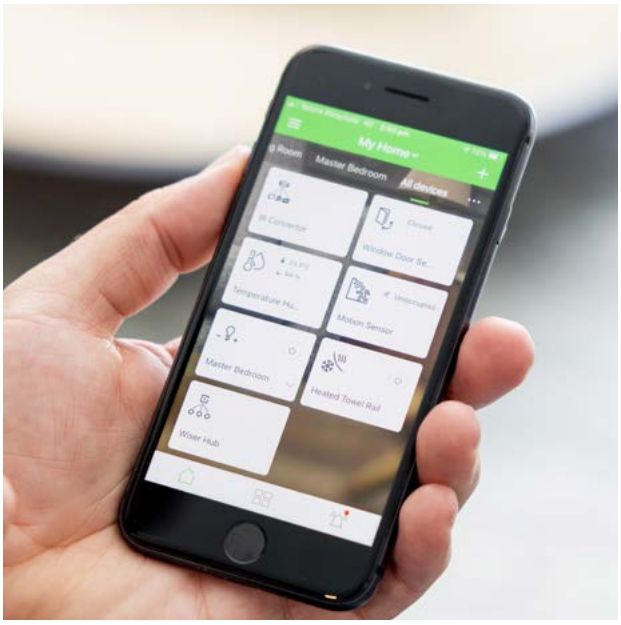

Connected dimmers and switches

Connected 2AX switch

Connected Socket

Configure and control from the Wiser by SE app

Imagine a smart home that puts you in control

The Iconic connected switches, dimmers and sockets utilise standard wiring and Zigbee 3.0 technology. They connect to the Wiser Hub to provide simple and scalable home automation control.

Connected Switch 2AX

Push button switch in small housing suiting up to 6 gang plates. Set timers and schedules or use for automated lighting control.

Connected Switch 10AX and Dimmer

Push button switch and dimmer with multiway control using ControlLink. From simple app control to schedules and automated load control.

Connected Socket

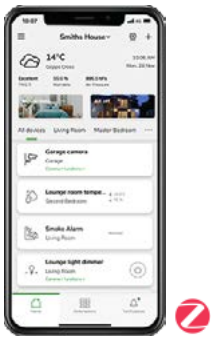

Individual socket control. Set timers and schedules or use as part of Wiser Automations.

Wiser by SE app

Simple and intuitive commissioning and control.

- Simple pairing and home setup
- Utilising the robust Zigbee 3.0 wireless mesh technology.
- Dim lights, set timers and schedules, check status
- Simple Automations - Program many actions to trigger automatically
- Moments (scenes) – Trigger multiple devices at once from one tap or push of a button
- Notifications and alerts
- Seamless voice integration
- Control from anywhere

5041NMML
C-Bus® 40 Series primary module

5041NMS
C-Bus® 40 Series secondary module

Home automation and energy management made simple

C-Bus® building automation system is a powerful, fully integrated system that can control and automate lighting and many other electrical systems and products. Designed for commercial and residential building automation, it brings control, comfort, efficiency and ease of use to its occupants.

C-Bus® integrations

C-Bus® 40 Series modules can be mounted to Iconic to create wall plates for C-Bus®. It is possible to create up to a 6 gang wall plate with two primary and 4 secondary modules. The wallplate is programmable as ON/OFF toggle, dimmer, timer, scene control, bell press, shutter/blind control, fan speed and custom functions. Selectable blue and red LED indicator can be configured through C-Bus® configuration software. The 40 Series modules can be programmed via Learn mode or the C-Bus® configuration software and draw 18mA from the C-Bus network.

Network connectivity

Simplified network connector combinations

Cable entry plate

Aesthetically appealing cable management

Iconic® includes a wide range of network connectivity products for a professional home network.

Iconic has a broad offer for home data, TV and audio connections, allowing you to easily meet customer requirements for networking, audio and video installations.

Audio, video and networking
Iconic includes a wide range of audio, visual and networking mechanisms to suit home applications. TV's can be connected to gaming consoles, IPTV and Pay TV boxes through F-Type, PAL and HDMI mechanisms. Sound systems can be connected via RCA mechanisms and RJ45. RJ45 mechanisms can be used for connecting all the smart devices to the home network.

Flexibility of 40 mechanism grids
No two home networks are the same, which is where the range of audio, video and networking mechanisms make every setup simple and easy. You can use combinations of mechanisms in up to 6-gang grids, ensuring that a broad range of end user requirements are met with the Iconic range.

Actassi data networking
Our Actassi data range is a complete networking solution including Cat5e, Cat6 and high performing Cat 6A mechanisms. Cat5e is ideal as a start for most home networking solutions, while Cat6 provides peace of mind with more reliable speed and bandwidth. Cat6A is our high-end solution for large and demanding applications.

Cable Entry Plate
The Iconic Cable Entry Plate is a cost-effective way to allow cables to pass through cleanly and easily and are ideal for placing behind TVs to ensure the cables are kept secure and hidden.

Iconic Outdoor

Outdoor like never before

Discover the Iconic® Outdoor range

Redefining weather-proof products, Iconic Outdoor is the innovative new range which achieves a balance between simplicity of installation, clever technology and consumer friendly aesthetics. Designed for the residential market, but with electrical contractors in mind, the range is suitable for zone 2 applications.

Reduced installation time

New patented technology for faster product installation

Proven durability

Designed for Australian outdoor living

Future-ready design

Clipsal Wiser™ smart connectivity and stylish finishes to suit your customer's needs

Iconic Outdoor is ...

Practical

All Iconic Outdoor socket outlets are rated to IP54, while switches are rated to IP56, making them suitable for applications such as zone 2 wet areas.

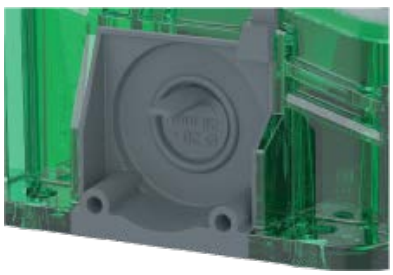

Easy to use

There is no need to drill holes in the products because they are designed with mounting holes outside the sealed region. Because of the location of the mounting holes, no sealant or screw caps are required, resulting in a clean, quick installation.

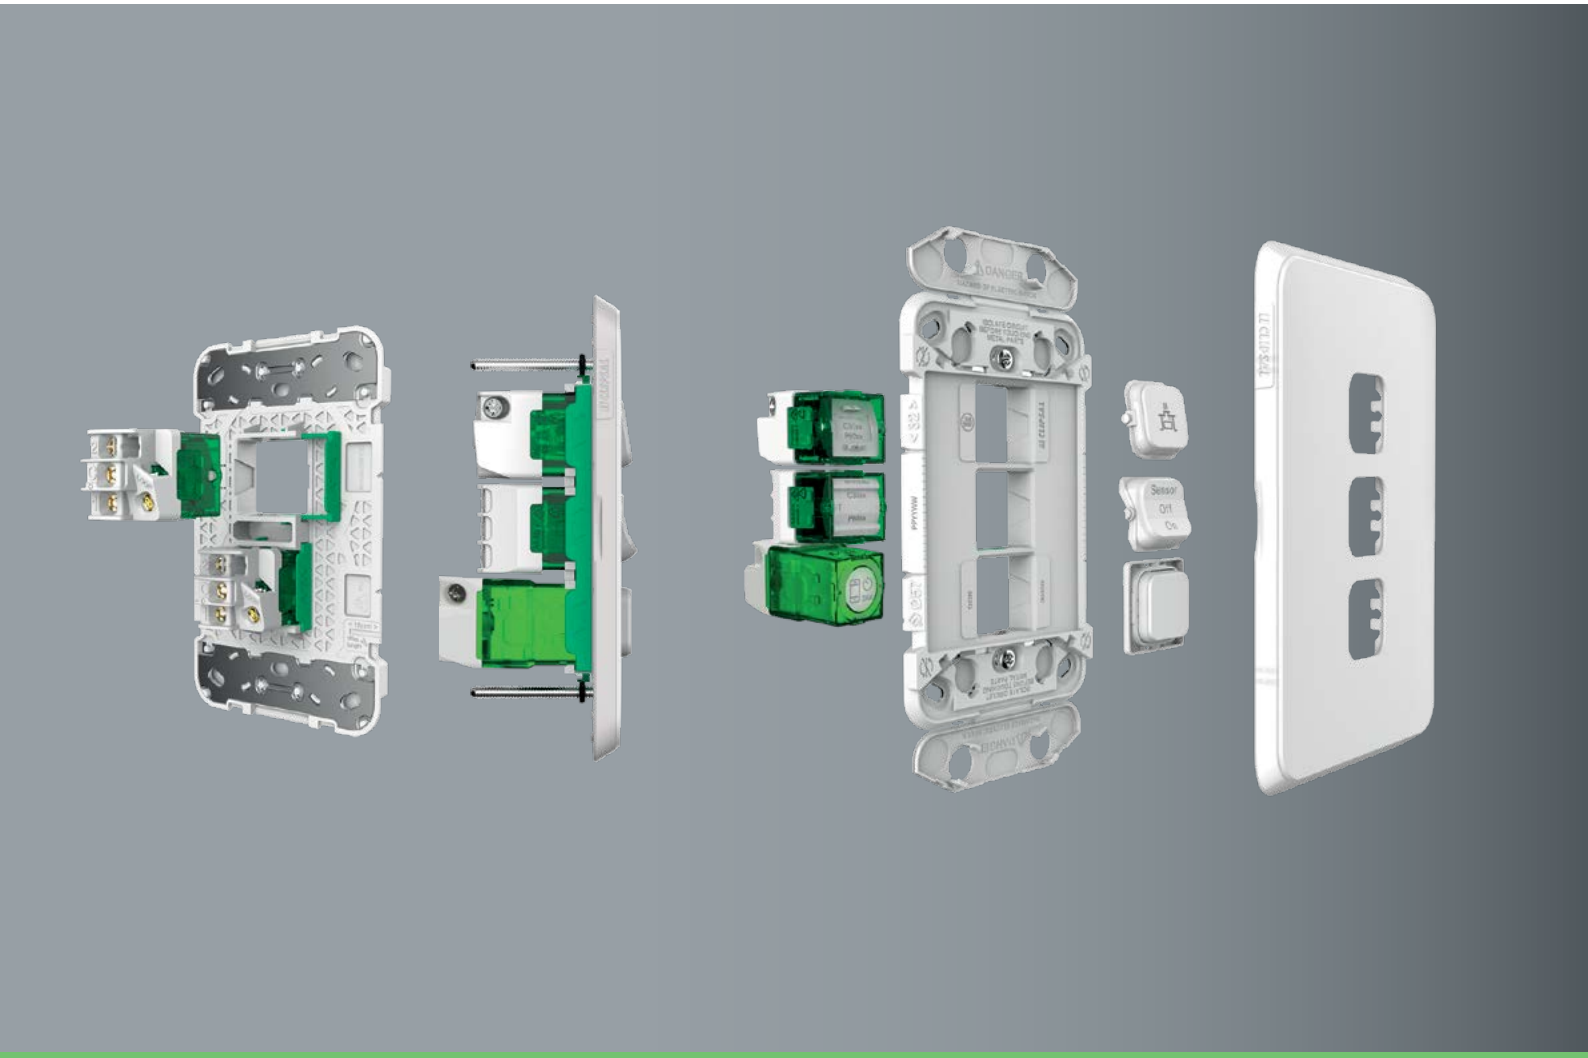

Ingenious

Seals are built into the frame of all conduit entries, reducing the need for sealants. Pull tabs make it simple to open the seals, making installation a breeze

How to order

With set prefixes, part numbers, skin codes and colour initials, ordering the Iconic® range is simple. For example:

Iconic		3025	C	* *
Iconic Styl	S	3025	C	* *
Iconic Essence	E	3025	C	* *
	Prefix = Design		C = Skin	* * = Finish

New colour codes and finishes

There are five new finishes for Iconic. Styl is available in silver, crowne and silver shadow anodised aluminium. Essence is available in arctic white and ash grey matt finish skins, with real birch timber edges.

Iconic Styl	SV	Silver	Silver anodised aluminium, plus cool grey gloss plastics.
	CE	Crowne	Gold anodised aluminium, plus warm grey gloss plastics.
	SH	Silver Shadow	Anthracite anodised aluminium, plus anthracite gloss plastics.
Iconic Essence	AW	Arctic White	Real birch timber trim, plus vivid white matt plastics.
	AG	Ash Grey	Real birch timber (stained dark), plus new ash grey coloured matt plastics.

Corresponding grids and skins

Each skin design carries the part number that corresponds to the grid with which it is compatible. For example:

Iconic Essence double socket in arctic white

3025	G	«	E	3025	C	AW
Part number	G = Grid		E = Iconic Essence	Same as grid part number	C = Skin	* * = Finish

Standard Iconic 3 gang switch in anthracite
